### DESTINATION DESCRIPTION

Positioned across from the atrium entrance of the Denver Performing Arts Complex (DPAC), these two boards reach a wide audience attending year-round music, theatre and dance performances. The DPAC is the largest performing arts complex under one roof, housing ten performance spaces within four-blocks. The nearby Colorado Convention Center, downtown hotels and the University of Colorado all add to the heavily-pedestrian atmosphere surrounding the displays.

Please Note: City of Denver requires approval of all ad copy. Approvals may take up to five days.
